2023 Garden Vineyard Semillon

Region

Hunter Valley

The Single Vineyard range reveals the unique character of the Hunter Valley's finest vineyards. Produced in small quantities and only in exceptional vintages, the wines are brought to life using modern viticultural and wine making techniques.

The Story

The Garden Vineyard is located on the sandy creek flats of our Steven Vineyard in central Pokolbin. The alluvial soil in this vineyard is nutrient rich producing an iconic style of Hunter Semillon known for its finesse and potential for your cellar.

The Wine

Pale lime green in colour, this wine boasts a delicate nose of jasmine and citrus. Subtle hints of lemon sorbet and racy lime makes for a refreshing and clean wine that can be enjoyed right now. The crisp acidity not only gives the wine exceptional balance, but insight into its future potential.

The Vintage

Excellent growing conditions in 2023 led to delicate and aromatic whites.

Handpicked and whole bunch pressed to encourage delicate aromatics and vibrant characteristics.

The Potential

The wine is in a great spot now with a bright palate and crisp, zesty acidity.

This semillon will develop gracefully over the next 10 to 15 years. If you can wait that long...

The Match

Our Garden Vineyard Semillon is a beach-side trip in a bottle. Load the esky with fresh pawns and oysters, make some memories while soaking up the sun. Keep an extra bottle on ice to cool down that sunburn you swore you weren't getting.
